CONVERSAZIONES ORGANISED IN BENONI

Much interest has been aroused among the Benoni community by the first of the series of monthly conversaziones organised under the combined auspices of the Zionist bodies of the town.

The speaker at the first conversazione was Mr. Joseph Daleski, who delivered a stimulating address on "Zionism and the Fight against Anti-Semitism in South Africa." Mr. M. Nestadt presided.

During the course of the evening songs were rendered by Mrs. J. J. Fine and Cantor Mandel. Mrs. H. Phillips outlined the form the conversaziones would take and appealed for the co-operation of the entire community. It is intended to hold the conversaziones on the second Tuesday of every month.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed Full of Vim and Vigour.

Your liver should pour out two pints of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, weak and the world looks punk.

A mere bowel movement doesn't get at the cause. It takes those famous Carter's Little Liver Pills to get these two pints of bile flowing freely and make you feel "up and up". Harmless, gentle, yet amazing in making bile flow freely. Look for the name Carter's Little Liver Pills on the red package. Refuse anything else. Price: 1/6.

"Lydia" at 20th Century

A film that is taking London by storm at the present moment is being shown at the 20th Century Theatre. "Lydia", which has been produced by Alexander Korda, is recognised as following his great production of "Lady Hamilton" which so enhanced the name of Korda in the film producing world.

"Lydia" is a daring and frank story in a setting made particularly suitable for Merle Oberon, who surpasses her great triumph in "Wuthering Heights."

CAMILATONE LUSTRSET

Is your hair Dry or Naturally Greasy?

The usual brilliantines and hair fixers, although enjoying widespread use cannot be expected to give satisfactory results in all cases. Oily brilliantine applied to naturally greasy hair is obviously incorrect treatment, whilst the drying properties of hair fixatives containing a high percentage of gum or spirit will aggravate dryness.

CAMILATONE LTD., manufacturers of hair preparations enjoying world-wide repute have improved on the older methods and supply LUSTRSET—a cream emulsion packed in handy tubes—in two varieties. And don't forget LUSTRSET is a hair reconditioner combating dandruff and falling hair.
