Dear Dr Van Zyl Slabbert

As a service to our readers we would like to give the leaders, or senior members, of the various political parties, the opportunity of stating their viewpoints by way of leader page articles.

We invite you, as leader of the NRP, to contribute an article setting out your party's main standpoints, the direction the country should steer, and why you believe your party deserves voter support.

The articles are intended to run in a series immediately prior to the General Election and all would be guaranteed equal prominence. If the contribution could be kept under 800 words we can ensure publication in an unedited form. Our deadline is April 17.

We would greatly appreciate your support in this effort to better inform our readers of the issues at stake.

Yours sincerely

B C Pottinger
