## Cantor Lubliner's Forthcoming Recital.

Cantor Albert Lubliner.

Lovers of good music will have the only opportunity of hearing on Sunday evening, April 3rd, in the Zionist Hall, Cape Town, the celebrated young Cantor, Albert Lubliner, of London, who will, prior to his tour to Australia, render a Special Maariv Service, assisted by a large choir, to be followed by a Grand Concert of the latest Jewish songs and Modern Chazonuth.

He will be supported by a cast of talented artists.

This singer, who came to South Africa with a great reputation, is renowned for his splendid tenor voice and for his beautiful interpretation of sacred melodies.

It is anticipated that the programme submitted by Cantor Lubliner at this Grand Concert will be one of the greatest musical treats that Cape Town has experienced for a long time.

## PLAZA.

Heralded as an impressive epic of the West, "The Bad Man of Brimstone," starring Wallace Beery, will open on Monday at the Plaza Theatre. Portraying in graphic detail the manner in which law and order came to the lawless town of Brimstone, the new picture production offers Beery a picturesque characterisation.

Directed by veteran J. Walter Ruben, the picture brings to prominence Dennis O'Keefe, sparkling new cinematic find, in the role of an Eastern prizefight champion who swings into clean-up action on Beery's gang controlled town, spurred on by bewitching Virginia Bruce, daughter of Lewis Stone, Brimstone's Justice of the Peace.

## ROYAL

"Madame X," one of the most celebrated and heart-stabbing dramas the world has ever known, will be the headline attraction at the Royal Theatre where it will be shown on Monday.

With the highly touted Gladys George in the title role and such screen favourites as John Beal and Warren William playing the son and father respectively, the famous story of a woman's degeneration and her ultimate sacrifice comes up to the screen as one of the major Metro-Goldwyn-Mayer offerings of the new movie season.
