Richard Tauber.

The booking is now open at the Alhambra Theatre and the City Hall for the Concert to be given by RICHARD TAUBER at the City Hall on Friday, 1st September.

Without exaggeration Tauber can be described as the most popular tenor in the world to-day, for in addition to his large number of successful films, he has toured almost the entire civilised world, where he has always drawn enthusiastic and packed audiences to every performance.

Richard Tauber.

Perhaps the reason for this success can be said to lie in his extraordinary versatility. He sings every type of song from grand opera to the lighthearted modern songs. His brilliant series of screen successes and his numerous gramophone records have combined to make Richard Tauber a world-famed figure before he made his sensational appearance on the London stage in "Land of Smiles" at the Drury Lane Theatre.

Tauber is the complete musician. He is a splendid conductor, a gifted pianist, and a composer whose publications range from film-songs to orchestral works, and in his career he has starred in grand opera, light operettas and musical films, and is equally successful as a "lieder" singer.
