## PLAZA.

"Thunder Afloat" is a frank revelation  
and one of the greatest sea-adventure pic-  
tures ever to be screened. Combining  
action exciting as that of "Mutiny on the  
Bounty" with a stirring story based on  
actual naval history, the film is made  
timely and outstandingly interesting due  
to the fact that it deals with submarine  
warfare and with incidents such as those  
which find front page prominence in our  
newspaper to-day.
